

Your Name	Thank Yinz Nominee(For this pilot)	Reason for "Thank Yinz"(Reasons for nomination)
BURMAN, DEEPAMD	MUZUMDAR, HIRENMD	Thank Yinz for always being a great support, wonderful colleague and friend i can fall back on whenever i am getting overwhelmed. Thank yinz for all you do for the fellowship program, the fellows and for patients always going that extra mile.
BURMAN, DEEPAMD	DOVEY, MARKMD	Thank Yinz for being the pillar of support of the division and for standing up for all the faculty even if it means pushing back on forced initiatives out of your comfort zone at times. Thank Yinz for all you do for the faculty and staff including clinical stuff, administrative stuff and keeping track of holiday gifts and so much more.
LARKIN, ALLYSON MD	CHONG, HEY JINMD, PhD	Thank you for being a great team leader and patient advocate. You are truly the best!
LARKIN, ALLYSON MD	DEAL , CHRISTIN MD	Thank you for always having such a positive attitude! You always exemplify an upbeat and professional tone in clinic. It's nice to work together!
LARKIN, ALLYSON MD	FORNO, ERICKMD	Appreciate your leadership and tireless efforts to keep things moving in a forward direction!
CHONG, HEY JINMD, PhD	DEAL , CHRISTIN MD	I'm here at Pinnacle and thinking of all the work you put in to make things work here. I'm very grateful to you!
GAIETTO, KRISTINAMD	ROSSER, FRANZISKAMD, MPH	Franziska is a great friend and colleague! When I needed to talk about a challenging patient situation involving a very frustrated family, Franziska paused what she was doing and genuinely listened. Her kindness helped me mentally reset and continue to care for patients the rest of the day.
ANTONUCCI, MARIAMD	EICHMAN, ADELAIDEMD	I see you! You're working so hard and doing such a good job as a leader in the division. Xo, Maria

TAS, VILDANMD

STALEY, PATRICIAMD

Thanks for being my on-call rheumatology phone-a-friend. :)

Donegan for their leadership in K-writing classes for postdocs and fellows in the past few months.

First (the most important!), these sessions ran after working hours. They went above and beyond to ensure participants were fed. Freshly-baked cookies, pizzas, sushi, and many more kept our budding scientists' tummies happy and their spirits high.

As intended, the constructive criticisms provided to the applicants improved their draft proposals tremendously. However, speaking as a junior faculty whose mentee participated in this class, Dr. Lamitina and Dr. Nolfi-Donagan's feedback also elevated my research program. They indirectly gave me a fresh outlook on the questions I would like to tackle in my lab. While the class clearly targeted postdocs and fellows, there were plenty of "indirect" benefits beyond the intended audience.
