NOWALK , ANDREW MD, PhD	ALBERT , JONATHAN MD	Dr. Albert has done an amazing job joining a busy ID division and thriving. It's hard to come in from the outside and fit in, but he did so from minute one. He is the first to offer help, is always professional and pleasant, and is a joy to have as a partner. He's the future of our Transplant ID work, and we're so lucky to have him. Thanks for being a great team member! (oh and his free pastries from his partner Sasha did influence this nomination :) ...)
CHOI , SYLVIA MD	SUNSERI , WHITNEY MD	Dr Sunseri was on GI Consult service and was very timely in seeing a patient with complaints of dysphagia, came up with clear plan for evaluation, and arranged for EGD the same day! The family was extremely grateful for her attention to detail and the way she helped facilitate outpatient follow up so we could discharge the patient when his other medical issues had resolved. Thank Yinz, Whitney!

CHOI , SYLVIA MD	CHEMAITILLY , WASSIM MD	Dr Chemaitilly was staffing Endocrinology consults and was instrumental in managing my patient's DI. This patient's DI has been challenging to manage due to COVID+ and problems with her central line and feeding tube. Also, the parent has had negative interactions with healthcare providers in the past. Dr. Chemaitilly was very responsive to my team's concerns regarding this patient's variable sodium levels, was proactive in contacting the mother to ensure communication was not a barrier and was clear in verbal and written communication regarding the plan. Thank Yinz, Wassim!
CHOI , SYLVIA MD	DOVEY , MARK MD	Dr Dovey was staffing Pulmonology Consults the week I had 2 patients with less than typical courses of pneumonia with subsequent empyema. ID recommended consulting pulmonology and Dr. Dovey's consult was reassuring in that he agreed with our current treatment, and he recommended ongoing outpatient follow up with Pulmonology which the families found reassuring. Thank Yinz, Mark! I would like to Thank Yinz, Maren, for creating the Thank Yinz program!

PANKO , LAURA MD	DICICCO , LEIGH ANNE MD	Thank you for finishing the departs for the 3 orange patients that I discharged on 1/13. Made for a better morning given that I was pulled to orange again and had a new admission in the morning. You're the best!
KAISSI , MAHA MD	WILLIAMS , ALLISON MD	Alli helped me debrief after a particularly challenging interaction and made me feel better! She's always a great friend to lean on when needed and knows how to help come up with an action plan for addressing problems.

HOUTROW, AMY MD ZUZIACK, ALYSSA DO

Dr. Zuziack was a patient care champ, overseeing both the inpatient service at the CHRU and the consult service at CHP Main when one of our other faculty unexpectedly went on parental leave early. She was the ultimate team player.
