

## Pediatric Hematology Oncology Recent Fellowship Alumni

<u>Graduation Date</u>	<u>Name</u>	<u>Current Position</u>	<u>Clinical/Research Interests</u>
2022	Jessica D. Daley, MD	Assistant Professor of Pediatrics UPMC Children's Hospital of Pittsburgh	Ewing Sarcoma, AYA oncology
2022	Archana Ramgopal, DO	BMT-CT Fellow UPMC Children's Hospital of Pittsburgh	Graft-Versus-Host Disease
2021	Katharine Halligan, MD, PhD	Assistant Professor of Pediatrics Albany Medical Center Hospital	General Pediatric Hematology/ Oncology
2021	Matthew Shiel, MD	Assistant Professor of Pediatrics The University of Vermont Medical Center	General Pediatric Hematology/ Oncology
2020	Meghan McCormick, MD, MS	Assistant Professor of Pediatrics UPMC Children's Hospital of Pittsburgh	Benign Hematology, Transfusion Medicine, Supportive Care Practices
2020	Erica Braverman, MD	Assistant Professor of Pediatrics UPMC Children's Hospital of Pittsburgh	Cancer Immunotherapy, Tumor Immunology, Inflammation, T-Cell biology, Immunometabolism
2019	Lisa Maurer, MD, PhD	Assistant Professor of Pediatrics UPMC Children's Hospital of Pittsburgh	Protein-protein interactions that regulate cancer proliferation and survival
2019	Allison Close, MD, MS	Assistant Professor Director, AYA and Fertility Preservation Helen DeVos Children's Hospital	AYA oncology and oncofertility
2018	Deirdre Nolfi- Donegan, MD	Assistant Professor of Pediatrics UPMC Children's Hospital of Pittsburgh	Platelet biology, benign hematology and thrombosis
2018	Kaitlin Devine, MD, MS	Assistant Professor of Pediatrics, Children's Hospital of Philadelphia	PTLD, pediatric cancer predisposition syndromes and rare pediatric malignancies
2017	Danielle Bell, MD	Assistant Professor of Pediatrics, Children's Hospital of Michigan	Solid tumors, leukemia and health care disparities
2017	Brittani Seynnaeve, MD, MS	Assistant Professor of Pediatrics Director, Pediatric Melanoma Program Associate Fellowship Program Director, UPMC Children's Hospital of Pittsburgh	Pediatric melanoma and related melanocytic tumors
2016	Angela Girvin, MD	The Janssen Pharmaceutical Company	Drug discovery and development, Clinical trial development
2016	Seethal Jacob, MD, MS	Assistant Professor Director, Comprehensive Sickle Cell Program Indiana University School of Medicine Riley Children's Hospital	Sickle cell disease especially transitioning process of patients to adult providers, health information technology
2015	Rachael Courtney, DO	Attending Physician Dayton Children's Hospital	General pediatric hematology and oncology
2015	Paul Finch, MD	Pediatric Hematology Oncologist Cabell Huntington Hospital	General pediatric hematology and oncology
2014	Nitya Bakshi, MBBS, MS	Assistant Professor of Pediatrics Emory University Children's Healthcare of Atlanta	Qualitative clinical research in understanding pain in sickle cell disease
2014	Lynn Malec, MD, MS	Associate Professor of Pediatrics Children's Hospital of Wisconsin Medical Director, Comprehensive Center for Bleeding Disorders	Recombinant factor in immune tolerance Hemophilia A patients with inhibitors; Prevention of central line thrombosis in chronically ill children; Cost effectiveness of screening for bleeding complication
